17 August 1970

MEMORANDUM FOR: Chief, Support Staff, NPIC
THROUGH : Chief, Logistics Branch, SS/NPIC
SUBJECT : Disposition of Surplus Equipment

25X1 1. It is requested that disposition instructions be given for one each 40" Dry Silver Paper Processor. Experimental Prototype developed by the [redacted] This processor is considered obsolete and is surplus to our requirements. 25X1

2. This processor was developed specifically to test and evaluate the early stages of progress of the Dry Silver photographic paper and its use is limited to this type of material.

3. Since the cost of this processor is closely interwoven with the Dry Silver Materials in a cost sharing contract, it would be almost an impossibility to separate and set forth the estimated cost of this processor.

4. The processor is located in Room 5S 453 and is available for removal at anytime. The technical monitor is [redacted] 25X1
